RX Drop Kiosks

Rosanne will be following up with Flint re: MedProject kiosk box at LBP. Denise will forward her the forms required for registering. Shoalwater is in the process of obtaining a kiosk from MedProject. The box is required to be inside, which will limit access. Shoalwater is considering placing the MedProject box inside per requirements, but leaving their existing box outside of the police station to maintain 24/7 access.

Safe Storage Campaign

Foster parents / families - no updates at this time. Bethany shared that the tribe is currently trying to get their foster license to take in youth who are involved at both the federal and state level. She will follow up with Josh Jewel and Kayala MacIntosh. Additionally, she will talk to the WISE team to get bags to these families, as they are typically involved with DCYF.

Additional lock bags have been ordered through multiple funding streams - TAC (115 bags), CPAA + YMPEP (217 bags) and Willapa Behavioral Health (70 bags) for a total of 402 bags. These will arrive in time for the April 24th RX Take Back Event.

There will be a "Safe Storage" social media campaign surrounding the RX Take Back event. Allison will schedule an ad-hoc planning meeting for those interested.

Bethany has authorized professional printing to be charged to WBH. Additionally, Bethany/WBH has 3-4 "drive-thru" signs we are authorized to use for the event.
